

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the Cooperative's financial statements. The schedules of electric plant, accumulated provision for depreciation, other property and investments and administrative and general expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

1. Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Nueces Electric Cooperative, Inc. (the Cooperative) is a non-profit company organized to provide electric service at the retail level to primarily residential and commercial accounts in a historically defined service area. Power delivered at retail is purchased wholesale from South Texas Electric Cooperative. Any revenues earned in excess of costs incurred are allocated to members of the Cooperative and are reflected as patronage capital in the balance sheet.

System of Accounts

Although the Cooperative is no longer an Rural Utilities Service (RUS) borrower, its accounting records are maintained in accordance with the RUS Uniform System of Accounts (USOA) prescribed for RUS electric borrowers.

Electric Plant, Maintenance, and Depreciation

Electric plant is stated at the original cost of construction which includes the cost of contracted services, direct labor, materials, and overhead items. Contributions from others toward the construction of electric plant are credited to the applicable plant accounts.

When property which represents a retirement unit is replaced or removed, the average cost of such property as determined from the continuing property records is credited to electric plant and such cost, together with cost of removal less salvage, is charged to the accumulated provision for depreciation.

Maintenance and repairs, including the renewal of minor items of plant not comprising a retirement unit, are charged to the appropriate maintenance accounts, except that repairs of transportation and service equipment are charged to clearing accounts and redistributed to operating expense and other accounts.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash - general and temporary cash investments are considered cash and cash equivalents.

Accounts Receivable

In the normal course of business, the Cooperative recognizes accounts receivable for energy delivered and billed. The Cooperative allows 16 days from the date of the bill for payment to be received or the service is considered delinquent. Delinquent notices are sent after the due date giving the member an additional ten days to pay. The NEC wires division charges 5% for delinquent accounts while the NEC retail division (DBA – NEC Co-op Energy) charges 5%. If no payment is received within 26 days or a deferred payment agreement is not in place, the account is subject to disconnect.

The Cooperative provides an allowance for doubtful accounts to recognize the portion of receivables considered uncollectible. The Cooperative accrues amounts monthly to the allowance. The allowance is estimated based on historical trends, aging of receivables and review of potential bad debts. The Board of Directors reviews delinquent accounts quarterly and charges off accounts over one year old.

NUECES ELECTRIC COOPERATIVE, INC.

NOTES TO FINANCIAL STATEMENTS

Inventories

Materials and supplies inventories are valued at average unit cost.

Electric Revenues from Contracts with Customers

Substantially all operating revenues and customer accounts receivables are derived from contracts with customers. Performance obligations related to the sale of energy are satisfied as energy is delivered to customers. The Cooperative recognizes revenue that corresponds to the price of the energy delivered to the customer. The measurement of energy sales to customers is generally based on the reading of their meters, which occurs on a systematic basis throughout the month. At the end of each month, amounts of energy delivered to customers since the date of the last meter reading are estimated, and the corresponding unbilled revenue is recognized. The Cooperative has calculated that its unbilled revenue for delivered power usage which has not been billed to customers at December 31, 2021 and 2020 amounted to \$2,628,557 and \$2,505,606, respectively.

The Cooperative does not recognize a separate financing component of its collections from customers as contract terms are short-term in nature.

In 2008, the Cooperative entered into a 50 year contract with Corpus Christi and Kingsville Naval bases as part of a privatization agreement by which the Cooperative agreed to maintain the distribution plant for the federal government. The contract provided for the Cooperative to perform operations and maintenance, renewals and replacements, and special projects. Revenue for operations and maintenance is recorded when billed. Revenue for renewals and replacements is deferred and recognized upon performing the renewal or replacement for the Corpus Christi or Kingsville Naval Base. (See Note 16) Revenue for special projects is recognized upon completion of the project with the profit or loss recorded to revenue.

Income Tax Status

The Cooperative is an exempt organization for federal income tax purposes under Section 501(c)(12) of the Internal Revenue Code.

The Cooperative has adopted the "uncertain tax positions" provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Cooperative is its filing status as a tax exempt entity. The Cooperative determined that it is more likely than not that its tax positions will be sustained upon examination by the Internal Revenue Service (IRS), or other State taxing authority and that all tax benefits are likely to be realized upon settlement with taxing authorities.

The Cooperative files income tax returns in the U.S. federal jurisdiction. The Cooperative is no longer subject to U.S. federal and state income tax examinations by federal taxing authorities for years before 2018.

The Cooperative recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. There were no penalties or interest recognized during the years ended December 31, 2021 and 2020.

NUECES ELECTRIC COOPERATIVE, INC.

NOTES TO FINANCIAL STATEMENTS

Group Concentration of Credit Risk

The Cooperative's headquarters facility is located in Robstown, Texas. The service area includes members located in all or parts of an eight county area surrounding the City of Robstown. In addition, the Cooperative provides "energy only" services to members outside their traditional service territory. The Cooperative records a receivable for electric revenues as billed on a monthly basis. The Cooperative may require a deposit from new members upon connection which is applied to unpaid bills and fees in the event of default. The deposit accrues interest annually and is returned along with accrued interest after one year of prompt payments. The accrued interest on all retained deposits is returned annually. As of December 31, 2021 and 2020, deposits on hand totaled \$1,990,077 and \$2,148,710, respectively.

Although the financial institutions in which the Cooperative has deposits are insured by agencies of the federal government, deposits at times exceeded insured amounts.

Patronage Capital Certificates

Patronage capital from associated organizations is recorded at the stated amount of the certificate. At the end of each year, the Cooperative receives an estimated allocation from its G&T power supply cooperative. In accordance with the USOA, the Cooperative records this estimated amount as income. Any difference between the estimated amount and the actual final allocation is recorded in the following year.

The G&T patronage income recognized for the 2021 and 2020 years are as follows:

	December 31,	
	<u>2021</u>	<u>2020</u>
Estimated Allocation for 2021	\$ 1,440,565	\$
True Up to Actual for 2020	219,265	
Estimated Allocation for 2020		2,545,773
True Up to Actual for 2019		173,443
	<u>\$ 1,659,830</u>	<u>\$ 2,719,216</u>

Advertising

It is the Cooperative's policy to expense advertising as incurred. Advertising expense was \$1,556,439 and \$1,537,910 for 2021 and 2020, respectively.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Fair Value Hierarchy

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Cooperative has the ability to access at the measurement date.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Inputs are unobservable inputs for the asset or liability.

2. Assets Pledged

All assets are pledged as security for the long-term debt due the National Rural Utilities Cooperative Finance Corporation (CFC) and CoBank.

3. Electric Plant

The major classes of electric plant are as follows:

2025	40,608

Lease expense for 2021 was \$82,621.

NUECES ELECTRIC COOPERATIVE, INC.

NOTES TO FINANCIAL STATEMENTS

In February 2016, the FASB issued Accounting Standards Update (ASU) 2016-02, *Leases* (Topic 842), effective for annual reporting periods beginning after December 15, 2021. Under the new guidance, a lessee will be required to recognize assets and liabilities for leases with lease terms of more than 12 months. Consistent with current GAAP, the recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee primarily will depend on its classification as a finance or operating lease. However, unlike current GAAP, which requires only capital leases to be recognized on the statement of financial condition, the new ASU will require both types of leases to be recognized on the statement of financial condition. The ASU will also require disclosures to help financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements providing additional information about the amounts recorded in the financial statements. The Cooperative is currently assessing the impact on its financial statements.

16. Deferred Credits

Deferred credits include the following:

	December 31,	
	2021	2020
Consumer Advances for Construction	\$ 2,784,736	\$ 2,601,220
Special Projects - Deferred Revenue	1,178,333	
Corpus Christi Naval Base - Deferred Revenue	5,312,298	5,072,900
Kingsville Naval Base - Deferred Revenue	1,748,997	1,589,186
Scholarship Fund	263,749	300,990
Other		16,753
Total	<u>\$ 11,288,113</u>	<u>\$ 9,581,049</u>

Consumer Advances for Construction represents refundable aid to construction on line extensions and subdivision construction contracts. Any amounts remaining anywhere from five to ten years, depending on the agreement, are forfeited to the Cooperative and charged against construction work in progress.

Corpus Christi Naval Base and Kingsville Naval Base – Deferred Revenue represents the amount billed per the contract with Corpus Christi Naval Base and Kingsville Naval Base for renewals and replacements and construction work in progress. These amounts will be recognized as qualifying renewals and replacements and construction work in progress costs as incurred.

Special Projects – Deferred Revenue represents the amounts billed for the scope of the privatization contract with Corpus Christi Naval Base and Kingsville Naval Base. As performance obligations for each contract are met, revenue will be recognized.

17. Litigation and Commitments

The Cooperative is involved in various legal actions arising in the normal course of business. Currently, there is no pending or threatened litigation that would materially affect the financial condition of the Cooperative.

NUECES ELECTRIC COOPERATIVE, INC.

NOTES TO FINANCIAL STATEMENTS

18. Pension Benefits

Narrative Description

The Retirement and Security Plan (the RS Plan), sponsored by the NRECA is a defined benefit pension plan qualified under Section 401 and tax-exempt under Section 501(a) of the Internal Revenue Code. It is a multiemployer plan under the accounting standards. The RS Plan sponsor's Employer Identification Number is 53-0116145 and the RS Plan Number is 333.

A unique characteristic of a multiemployer plan compared to a single employer plan is that all plan assets are available to pay benefits of any plan participant. Separate asset accounts are not maintained for participating employers. This means that assets contributed by one employer may be used to provide benefits to employees of other participating employers.

Plan Information

The Cooperative's contributions to the RS Plan in 2021 and in 2020 represented less than five percent of the total contributions made to the RS Plan by all participating employers. The Cooperative made contributions to the RS Plan of \$711,268 in 2021 and \$730,998 in 2020. Pension expense for the years ended December 31, 2021 and 2020, including amortization of the RS Plan prepayment, was \$866,482 and \$886,211, respectively. There have been no significant changes that affect the comparability of 2021 and 2020 contributions.

In the RS Plan, a "zone status" determination is not required, and therefore not determined, under the Pension Protection Act (PPA) of 2006. In addition, the accumulated benefit obligations and plan assets are not determined or allocated separately by individual employer. In total, the RS Plan was over 80% funded on January 1, 2021 and January 1, 2020 based on the PPA funding target and PPA actuarial value of assets on those dates.

Because the provisions of the PPA do not apply to the RS Plan, funding improvement plans and surcharges are not applicable. Future contribution requirements are determined each year as part of the actuarial valuation of the RS Plan and may change as a result of plan experience.

In addition, the Cooperative provides retirement benefits through a 401(k) plan that is administered by NRECA SelectRe Pension plan. The Cooperative provides matching funds up to 3.20% of an employee's salary. The cost of this plan for 2021 and 2020 was \$189,882 and \$194,214, respectively.

19. Related Party Transactions

Nueces Electric Cooperative, Inc. is committed to purchase its electric power from South Texas Electric Cooperative, Inc. (STEC), a cooperative of which it is a member and is represented on its Board of Directors.

During the years ended December 31, 2021 and 2020, the Cooperative purchased \$55,665,628 and \$62,618,932, respectively, from STEC. As of December 31, 2021 and 2020 amounts due to STEC were \$4,584,065 and \$4,755,696, respectively.

NUECES ELECTRIC COOPERATIVE, INC.

NOTES TO FINANCIAL STATEMENTS

During the years ended December 31, 2021 and 2020, the Cooperative held a patronage capital investment with STEC in the amount of \$42,032,365 and \$40,372,535, respectively. The Cooperative was allocated patronage capital from STEC for the years ended December 31, 2021 and 2020 in the amount of \$1,659,830 and \$2,719,216, respectively.

20. Subsequent Events

The Cooperative has evaluated subsequent events through March 10, 2022, the date which the financial statements were available to be issued.

CONCERNING AUDITS OF CFC BORROWERS**

Board of Directors
Nueces Electric Cooperative, Inc.
Robstown, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America, the balance sheet of Nueces Electric Cooperative, Inc. as of December 31, 2021, and the related statements of income and patronage capital, and cash flows for the year then ended, and have issued our report thereon dated March 10, 2022.

In connection with our audit, nothing came to our attention that caused us to believe that the Cooperative failed to comply with the terms of Article V of the National Rural Utilities Cooperative Finance Corporation Loan Agreement insofar as they relate to accounting matters. However, our audits were not directed primarily toward obtaining knowledge of such noncompliance.

This report is intended solely for the information and use of the Board of Directors and management of Nueces Electric Cooperative, Inc. and the National Rural Utilities Cooperative Finance Corporation and is not intended to be and should not be used by anyone other than these specified parties.
