**Independent Auditor's Report**

Board of Directors  
Nueces Electric Cooperative, Inc.  
Robstown, Texas

**Opinion**

We have audited the accompanying financial statements of Nueces Electric Cooperative, Inc., which comprise the balance sheets as of December 31, 2025 and 2024, and the related statements of income and patronage capital, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Nueces Electric Cooperative, Inc. as of December 31, 2025 and 2024, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nueces Electric Cooperative, Inc. (the Cooperative) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of electric plant, accumulated provision for depreciation, other property and investments and administrative and general expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**NUECES ELECTRIC COOPERATIVE, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**1. Nature of Operations and Summary of Significant Accounting Policies**

**Nature of Operations**

Nueces Electric Cooperative, Inc. (the Cooperative) is a non-profit company organized to provide electric service at the retail level to primarily residential and commercial accounts in a historically defined service area. Power delivered at retail is purchased wholesale from South Texas Electric Cooperative, Inc. Any operating revenues earned in excess of operating costs incurred are allocated to members of the Cooperative and are reflected as patronage capital in the balance sheet.

**System of Accounts**

Although the Cooperative is no longer a Rural Utilities Service (RUS) borrower, its accounting records are maintained in accordance with the RUS Uniform System of Accounts (USOA) prescribed for RUS electric borrowers.

**Electric Plant, Maintenance, and Depreciation**

Electric plant is stated at the original cost of construction which includes the cost of contracted services, direct labor, materials, and overhead items. Contributions from others toward the construction of electric plant are credited to the applicable plant accounts.

When property which represents a retirement unit is replaced or removed, the average cost of such property as determined from the continuing property records is credited to electric plant and such cost, together with cost of removal less salvage, is charged to the accumulated provision for depreciation.

Maintenance and repairs, including the renewal of minor items of plant not comprising a retirement unit, are charged to the appropriate maintenance accounts, except that repairs of transportation and service equipment are charged to clearing accounts and redistributed to operating expense and other accounts.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, cash - general and temporary cash investments with an original maturity of 3 months or less are considered cash equivalents.

**Accounts Receivable**

In the normal course of business, the Cooperative recognizes accounts receivable for energy delivered and billed. The Cooperative allows 16 days from the date of the bill for payment to be received or the service is considered delinquent. Delinquent notices are sent after the due date giving the member an additional ten days to pay. The Cooperative wires division charges 5% for delinquent accounts while the NEC retail division (DBA – NEC Co-op Energy) charges 5%. If no payment is received within 26 days or a deferred payment agreement is not in place, the account is subject to disconnect.

**NUECES ELECTRIC COOPERATIVE, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**Allowance for Credit Losses**

The allowance for credit losses represents an estimate of the expected credit losses inherent in trade receivables as of the balance sheet date. Additions to the allowance for credit losses, if any, are made by recording charges to expenses in the income statement. Recoveries consist of consumer payments and application of general patronage retirements for members with outstanding balances.

The Cooperative's methodology in determining the adequacy of the allowance for credit losses includes consideration of the aging of accounts receivable and the significant balances that high usage commercial loads and oil and gas production operations accumulate. The delinquent accounts deemed uncollectible are written off upon approval by the Board of Directors. Changes in the allowance for credit losses during the years ended December 31, 2025 and 2024 were as follows:

	December 31,	
	2025	2024
Balance, Beginning of Year	\$ 543,182	\$ 146,770
Accruals	(16,459)	512,431
Write-Offs	(407,530)	(174,797)
Recoveries	48,321	58,778
Balance, End of Year	<u>\$ 167,514</u>	<u>\$ 543,182</u>

**Inventories**

Materials and supplies inventories are valued at average unit cost.

**Electric Revenues from Contracts with Customers**

Substantially all operating revenues and customer accounts receivables are derived from contracts with customers. Performance obligations related to the sale of energy are satisfied as energy is delivered to customers. The Cooperative recognizes revenue that corresponds to the price of the energy delivered to the customer. The measurement of energy sales to customers is generally based on the reading of their meters, which occurs on a systematic basis throughout the month. At the end of each month, amounts of energy delivered to customers since the date of the last meter reading are estimated, and the corresponding unbilled revenue is recognized. The Cooperative has calculated that its unbilled revenue for delivered power usage which has not been billed to customers at December 31, 2025 and 2024 amounted to \$2,504,992 and \$2,503,854, respectively.

The Cooperative does not recognize a separate financing component of its collections from customers as contract terms are short-term in nature.

**NUECES ELECTRIC COOPERATIVE, INC.**

**NOTES TO FINANCIAL STATEMENTS**

In 2008, the Cooperative entered into a 50 year contract with Corpus Christi and Kingsville Naval bases as part of a privatization agreement by which the Cooperative agreed to maintain the distribution plant for the federal government. The contract provided for the Cooperative to perform operations and maintenance, renewals and replacements, and special projects. Revenue for operations and maintenance is recorded when billed. Revenue for renewals and replacements is deferred and recognized upon performing the renewal or replacement for the Corpus Christi or Kingsville Naval Base (See Note 15). Revenue for special projects is recognized upon completion of the project with the profit or loss recorded to revenue.

**Income Tax Status**

The Cooperative is an exempt organization for federal income tax purposes under Section 501(c)(12) of the Internal Revenue Code.

The Cooperative has adopted the “uncertain tax positions” provisions of accounting principles generally accepted in the United States of America. The primary tax position of the Cooperative is its filing status as a tax exempt entity. The Cooperative determined that it is more likely than not that its tax positions will be sustained upon examination by the Internal Revenue Service (IRS), or other State taxing authority and that all tax benefits are likely to be realized upon settlement with taxing authorities.

The Cooperative files income tax returns in the U.S. federal jurisdiction. The Cooperative is no longer subject to U.S. federal and state income tax examinations by federal taxing authorities for years before 2022.

The Cooperative recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. There were no penalties or interest recognized during the years ended December 31, 2025 and 2024.

**Group Concentration of Credit Risk**

The Cooperative's headquarters facility is located in Robstown, Texas. The service area includes members located in all or parts of an eight county area surrounding the City of Robstown. In addition, the Cooperative provides “energy only” services to members outside their traditional service territory. The Cooperative records a receivable for electric revenues as billed on a monthly basis. The Cooperative may require a deposit from new members upon connection which is applied to unpaid bills and fees in the event of default. The deposit accrues interest annually and is returned along with accrued interest after one year of prompt payments. The accrued interest on all retained deposits is returned annually. As of December 31, 2025 and 2024, deposits on hand totaled \$2,829,809 and \$2,604,262, respectively.

Although the financial institutions in which the Cooperative has deposits are insured by agencies of the federal government, deposits at times exceeded insured amounts. The Cooperative mitigates this risk through the use of overnight sweep accounts.

**NUECES ELECTRIC COOPERATIVE, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**Patronage Capital Certificates**

Patronage capital from associated organizations is recorded at the stated amount of the certificate. At the end of each year, the Cooperative receives an estimated allocation from its G&T power supply cooperative. In accordance with the USOA, the Cooperative records this estimated amount as income. Any difference between the estimated amount and the actual final allocation is recorded in the following year.

The G&T patronage income recognized for the 2025 and 2024 years are as follows:

	December 31,	
	2025	2024
Estimated Allocation for 2025	\$ 3,092,280	\$
True Up to Actual for 2024	(46,457)	
Estimated Allocation for 2024		2,980,703
True Up to Actual for 2023		(16,155)
	\$ 3,045,823	\$ 2,964,548

**Advertising**

It is the Cooperative’s policy to expense advertising as incurred. Advertising expense was \$1,825,298 and \$1,887,166 for 2025 and 2024, respectively.

**Use of Estimates in the Preparation of Financial Statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Fair Value Hierarchy**

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Cooperative has the ability to access at the measurement date.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Inputs are unobservable inputs for the asset or liability.

**NUECES ELECTRIC COOPERATIVE, INC.**

**NOTES TO FINANCIAL STATEMENTS**

Declines in the fair value of any Held-to-Maturity securities below their cost that are deemed to be other than temporary are reflected in earnings as realized losses. In estimating other-than-temporary impairment (OTTI) losses, management considers (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the Cooperative to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in fair value. Gains and losses on any sale of securities are recorded on the trade date and the costs of securities sold are determined using the specific identification method.

Held-to-maturity valuations are considered Level 1.

**6. Temporary Investments**

Temporary Investments with an original maturity of more than 3 months consisted of the following:

**NOTES TO FINANCIAL STATEMENTS**

**15. Short-Term Borrowing**

As of December 31, 2025 and 2024, the Cooperative had a \$4,000,000 line of credit with CFC to be drawn upon as needed. The interest rate on this line of credit was 6.25% and 7.25% as of December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024 the Cooperative had drawn \$0 and \$0, respectively against this line of credit.

As of December 31, 2025 and 2024, the Cooperative had a \$2,000,000 line of credit, with CoBank to be drawn upon as needed. The interest rate on this line of credit was 5.77% and 6.39% as of December 31, 2025 and 2024, respectively. As of December 31, 2025 and 2024 the Cooperative had drawn \$0 and \$0, respectively against this line of credit.

**16. Right of Use Lease Assets and Liabilities**

The Cooperative is obligated to a real property lease for office space. The right-of-use (ROU) assets and lease liabilities were calculated at the net present value of the guaranteed lease payments over the term of each lease using the Cooperative’s incremental borrowing rate of 6.00%. The leases will expire at various dates through October 2027.

Economic Development	13,190	
Other	3,600	3,600
Total	<u>\$ 8,929,902</u>	<u>\$ 10,721,999</u>

Consumer Advances for Construction represents refundable aid to construction on line extensions and subdivision construction contracts. Any amounts remaining anywhere from five to ten years, depending on the agreement, are forfeited to the Cooperative and charged against construction work in progress.

Corpus Christi Naval Base and Kingsville Naval Base – Deferred Revenue represents the amount billed per the contract with Corpus Christi Naval Base and Kingsville Naval Base for renewals and replacements and construction work in progress. These amounts will be recognized as qualifying renewals and replacements and construction work in progress costs as incurred.

Special Projects – Deferred Revenue represents the amounts billed for the scope of the privatization contract with Corpus Christi Naval Base and Kingsville Naval Base. As performance obligations for each contract are met, revenue will be recognized.

**18. Litigation and Commitments**

The Cooperative is involved in instances of litigation, and in the normal course of business there can also arise instances of unasserted claims that could potentially involve the Cooperative. The ultimate outcome of these matters cannot presently be determined. However, in management’s opinion, the likelihood of any material adverse outcome is remote. Accordingly, adjustments, if any, which might result from resolution of these matters, have not been reflected in these financial statements.

**19. Benefits to Retirees**

On August 31, 2023, the Cooperative adopted an Early Retirement Medical Insurance Policy. The policy states that employees who retire after age 55 can access the Cooperative’s medical plans until they are eligible for Medicare. Employees who retire on or after January 1, 2024, after age 62, and with 20 years of service are eligible for partial Cooperative contribution.

**NUECES ELECTRIC COOPERATIVE, INC.**

**NOTES TO FINANCIAL STATEMENTS**

A prior service cost was established as of December 31, 2023 to account for the adoption of this policy. The prior service cost will be amortized over a period of 14.23 years. The prior service cost recognized on the balance sheets in other comprehensive loss totaled \$(207,380) and other long-term liabilities totaled \$245,282. The discount rate used as of December 31, 2025 was 5.60%.

**20. Pension Benefits**

Narrative Description

The Retirement and Security Plan (the RS Plan), sponsored by the NRECA is a defined benefit pension plan qualified under Section 401 and tax-exempt under Section 501(a) of the Internal Revenue Code. It is a multiemployer plan under the accounting standards. The RS Plan sponsor's Employer Identification Number is 53-0116145 and the RS Plan Number is 333.

A unique characteristic of a multiemployer plan compared to a single employer plan is that all plan assets are available to pay benefits of any plan participant. Separate asset accounts are not maintained for participating employers. This means that assets contributed by one employer may be used to provide benefits to employees of other participating employers.

Plan Information

The Cooperative's contributions to the RS Plan in 2025 and in 2024 represented less than five percent of the total contributions made to the RS Plan by all participating employers. The Cooperative made contributions to the RS Plan of \$827,061 in 2025 and \$814,220 in 2024. There have been no significant changes that affect the comparability of 2025 and 2024 contributions.

In the RS Plan, a "zone status" determination is not required, and therefore not determined, under the Pension Protection Act (PPA) of 2006. In addition, the accumulated benefit obligations and plan assets are not determined or allocated separately by individual employer. In total, the RS Plan was over 80% funded on January 1, 2025 and January 1, 2024 based on the PPA funding target and PPA actuarial value of assets on those dates.

Because the provisions of the PPA do not apply to the RS Plan, funding improvement plans and surcharges are not applicable. Future contribution requirements are determined each year as part of the actuarial valuation of the RS Plan and may change as a result of plan experience.

In addition, the Cooperative provides retirement benefits through a 401(k) plan that is administered by NRECA SelectRe Pension plan. The Cooperative matches 3.2% of the employee's total compensation. The cost of this plan for 2025 and 2024 was \$237,401 and \$227,278, respectively.

**NOTES TO FINANCIAL STATEMENTS**

**21. Related Party Transactions**

The Cooperative is committed to purchase its electric power from South Texas Electric Cooperative, Inc. (STEC), a cooperative of which it is a member and is represented on its Board of Directors.

During the years ended December 31, 2025 and 2024, the Cooperative purchased \$74,119,443 and \$62,072,347, respectively, from STEC. As of December 31, 2025 and 2024 amounts due to STEC were \$5,799,051 and \$4,903,885, respectively.

During the years ended December 31, 2025 and 2024, the Cooperative held a patronage capital investment with STEC in the amount of \$53,776,672 and \$50,730,848, respectively. The Cooperative was allocated patronage capital from STEC for the years ended December 31, 2025 and 2024 in the amount of \$3,045,823 and \$2,964,548, respectively.

**22. Subsequent Events**

**LETTER TO BOARD OF DIRECTORS REGARDING POLICIES  
CONCERNING AUDITS OF CFC BORROWERS**

Board of Directors  
Nueces Electric Cooperative, Inc.  
Robstown, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America, the balance sheet of Nueces Electric Cooperative, Inc. (the Cooperative) as of December 31, 2025, and the related statements of income and patronage capital, and cash flows for the year then ended, and have issued our report thereon dated March 16, 2026.

In connection with our audit, nothing came to our attention that caused us to believe that the Cooperative failed to comply with the terms of Article V of the National Rural Utilities Cooperative Finance Corporation Loan Agreement insofar as they relate to accounting matters. However, our audits were not directed primarily toward obtaining knowledge of such noncompliance.

This report is intended solely for the information and use of the Board of Directors and management of the Cooperative and the National Rural Utilities Cooperative Finance Corporation and is not intended to be and should not be used by anyone other than these specified parties.
